

Jerry D. Roxas

8029 Westmore Road, San Diego, CA 92126 | Voice: (858) 405-1405 | Email: jerrvroxas@gmail.com | Web: www.jerrvroxas.com

Executive Overview

Mr. Roxas is a seasoned, executive level, hands on manager with a strong background in information technology, software development, database administration, operations management, team development and a strong passion for agile methodologies. He is an organized, dedicated, forward thinking individual with extensive management experience in the financial services, healthcare, and content provider industries. His professional experience is focused on operational and technological infrastructures with the strong belief that a solid foundation is essential to a company's longevity, sustainable margins and overall market value. Therefore, his project management approach has always been to solve the problem that is coming, while addressing the problem that is here.

As an entrepreneur, Mr. Roxas has co-founded and sold multiple companies in the financial services industry, specializing in the acquisition, servicing and sale of distressed consumer debt portfolios. He co-designed and developed a proprietary pricing model and loan servicing application that were key factors in raising over \$150 million in working capital and lines of credit, and he has been directly involved in the purchase and sale of over \$3.5 billion in consumer debt.

Most recently, Mr. Roxas has focused his efforts on championing the growth and stability of small businesses. In 2013, he co-founded Premier Business Network, LLC, an exclusive membership group for small business owners, entrepreneurs, and innovative business people. The company provides the resources, tools and support necessary for its members to succeed in their critical early stages.

Mr. Roxas holds a Bachelor's of Science in Business Administration, with an emphasis in Business Management from San Diego State University. He is also an active alumnus member of Alpha Kappa Psi, the nation's oldest co-ed professional business fraternity and developer of principled business leaders. He is also a Certified Professional Scrum Master (PSM I).

Mr. Roxas' extensive work experience and professional skills are complimented by personal qualities that include strong written and verbal communications, proven management skills, and the ability to adapt quickly and efficiently to dynamic situations.
